MORE IS MORE

Our passion for light and design has always been the force behind our work. From humble beginnings, we have grown into a brand celebrated for merging aesthetics with functionality, crafting pieces that illuminate, inspire, and captivate.

Guided by our "more is more" philosophy, we embrace bold ideas, unconventional forms, and daring use of color. At the core of our work lies a commitment to craftsmanship, reflected in a selection that celebrates quality and pioneering design.

We don't follow trends - we invest time in development, ensuring each piece is both innovative and timeless. With individuality at its core, every design sparks inspiration, transforming interiors through expressive form and color.

Through a sculptural design language, we explore bold, material-driven projects that push the boundaries of light and interior design. This approach allows us to craft expressive atmospheres that bring spaces to life, celebrating the beauty of creativity and the power of design..

Best Regards,

DISCO·RAMA

ATMOSPHERIC EXPRESSION

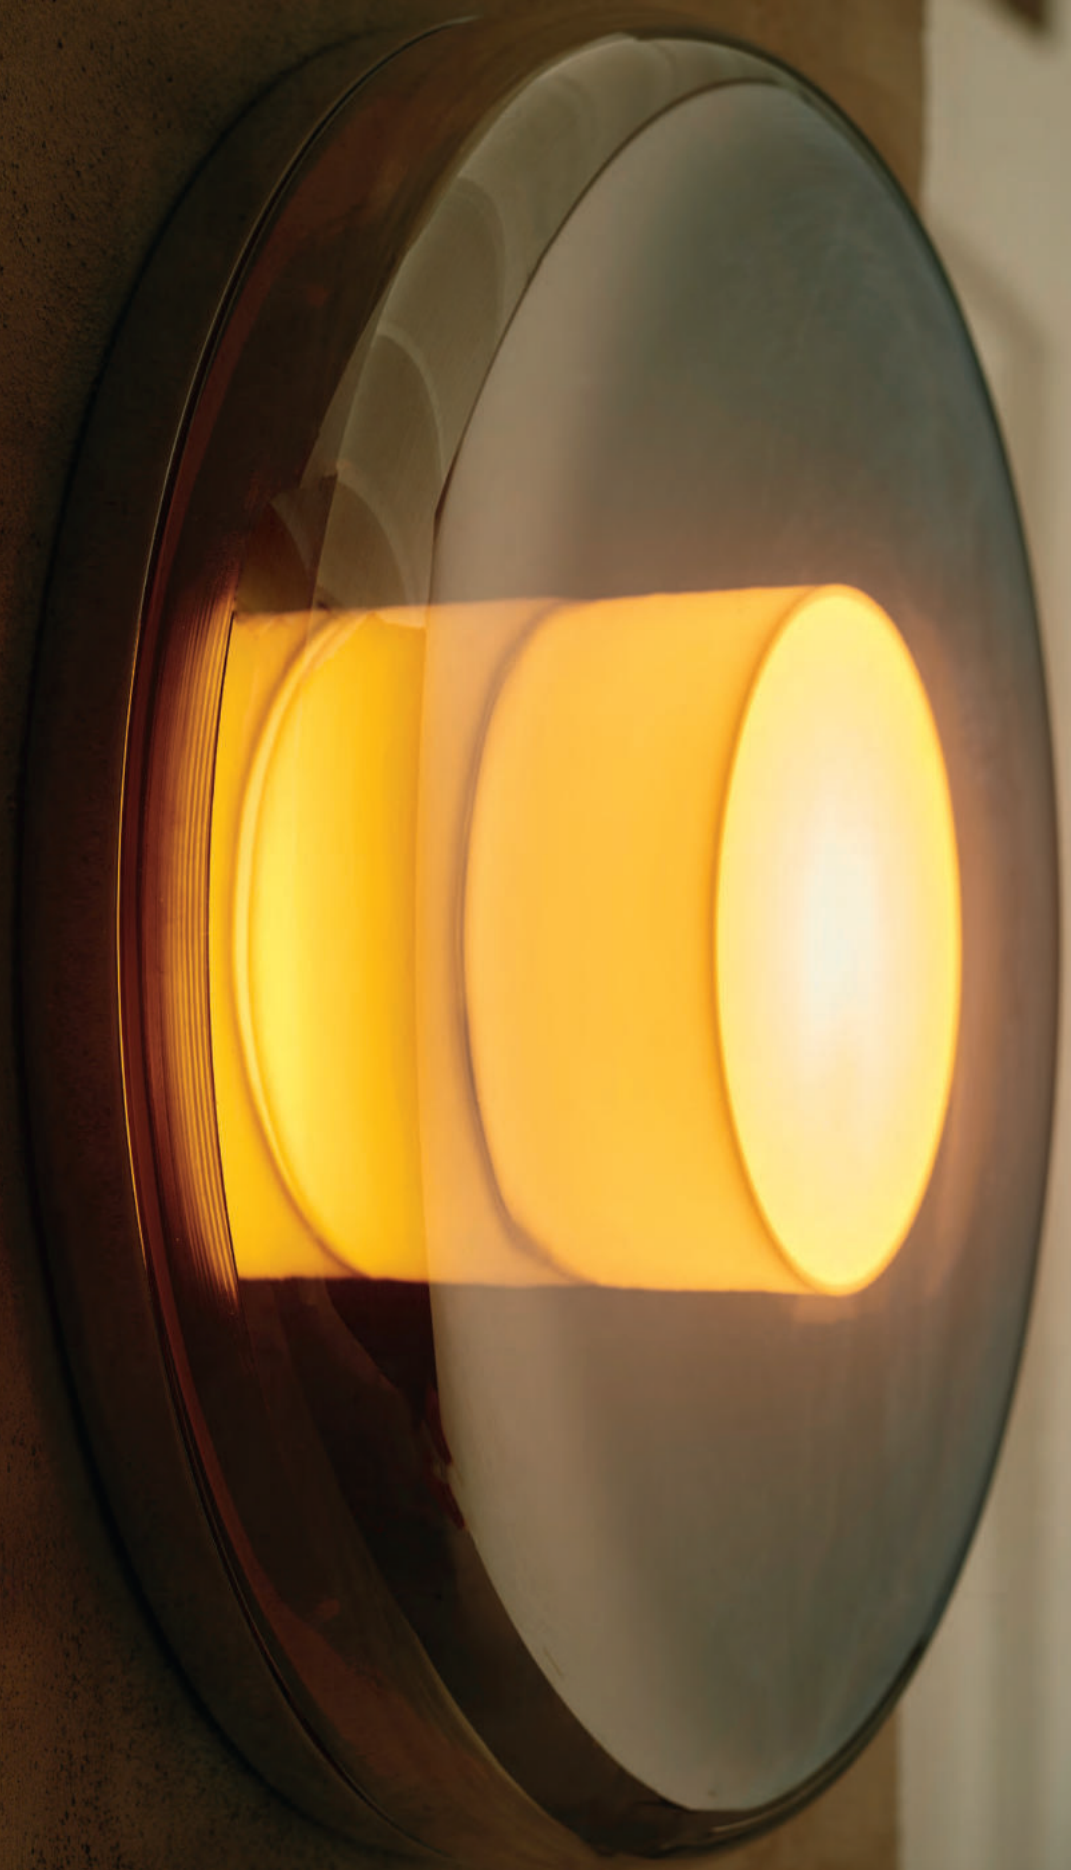

Make a bold design statement with DiscoRama – a sculptural, luminous piece that blends artistic expression with modern elegance. Its large circular glass disc showcases a deep, tortoiseshell-inspired pattern that immediately draws the eye, while the layered glass elements create a vibrant, almost hypnotic visual effect at the lamp's core.

The DiscoRama wall lamp is a showpiece designed to spark conversation. When illuminated, the lamp transforms any space into an atmospheric setting, making it perfect for sophisticated homes, boutique hotels, and contemporary lounges.

DiscoRama adds personality to any space and works beautifully on its own as a statement piece or grouped with others from the series. This lamp is playful, eye-catching, and brings the room to life.

ENDLESS

DIMENSIONAL ILLUMINATION

The Endless is available as both a wall lamp and a pendant, offering far more than ordinary lighting. Carefully crafted with a modern touch, the mouth-blown glass front works like a mirror when it's off, and turns into a cool tunnel of light when you switch it on

With its sleek silhouette and mirrored front, the Endless wall Lamp transforms any space with elegance and light. The reflective surface adds a touch of glamour while visually expanding the room – a perfect fusion of function and design.

The Endless pendant is a floating extension of the wall lamp, maintaining the same sculptural DNA. With mirrors on both sides and light radiating from within, the Endless pendant becomes a true statement piece – a luminous object that shifts between reflection, transparency, and glow.

BALLROOM

ELEGANT & PORTABLE

The Trip portable LED lamp blends elegance and functionality in a cordless design that works beautifully anywhere. Made from polished marble and mouth-blown glass, it adds a refined touch to both modern and classic interiors.

TRIP'S portable, wireless design lets you move it effortlessly from room to room – or take it outside for cosy evenings and intimate gatherings. With natural variations in the marble base, every lamp is truly one of a kind.

The Trip series includes two portable table lamps as well as a wall lamp.

TRIP NO. 2

WITH A CURVE

Trip No. 2 retains all the qualities and beloved features of the original Trip Lamp, but introduces a redesigned shade and base – now with a stylish curve

Designed with every detail in mind, this portable, rechargeable LED lamp features a sculptural silhouette and a striking mix of polished marble and mouth-blown glass, giving it a distinctly exclusive appearance.

The changes may be subtle, but they blend classic elegance with a modern expression, resulting in this new design: Trip No. 2.

TRIP WALL

CLEAN & COZY

The Trip Wall lamp is a 1:1 extension of the portable Trip lamps, translated into an elegant wall-mounted version. It creates a soft, atmospheric glow as the light fans out beautifully across the wall.

With clean lines and a simple, timeless design, the lamp is crafted from classic, refined materials, designed to blend seamlessly into any interior.

SHAHIN

FLOATING ELEGANCE

The Shahin series is our modern take on the classic opal white lamp. Crafted with elegant mouth-blown glass and polished brass details, Shahin brings together the finest elements of contemporary lighting in one sophisticated design.

The series includes two pendant sizes, a table lamp, and a wall lamp, each creating a soft, diffuse glow that fills your space with warmth.

MARBLE ART

SMOOTH ADJUSTABLE DOWN LIGHT

Marble Art is an elegant pendant with an elongated cylindrical marble body. Its sleek, minimalist design highlights the natural patterns of each stone, making every lamp unique. The adjustable light cone lets you create the perfect atmosphere, from narrow to wide light.

The Marble Art series is available in five colors: Carrara, Sand, Golden, Charcoal, and Brown. The body features a smooth, polished marble cylinder, suspended with either a gold or black fixture, combining timeless elegance with modern functionality.

MISS MARBLE

ROCK SOLID

Miss Marble is our reinterpretation of the classic spotlight – transformed and redesigned into an exclusive and highly functional object. Crafted from solid marble, it brings a refined aesthetic while delivering precise, focused illumination. Its compact design makes it easy to place – a practical and timeless choice for modern interiors.

Like our other designs, it shares the same design language through its marble base. Miss Marble Spot comes in different marble versions and with fittings in chrome, brass, browned brass and aluminium.

NEW WAVE OPTIC

OPTICAL EFFECT

Our iconic New Wave Optic is a decorative statement and a bright example of how our designs can create a room in itself. The collection includes two wall lamps and a pendant, each reflecting Scandinavian simplicity yet completely transforming when illuminated.

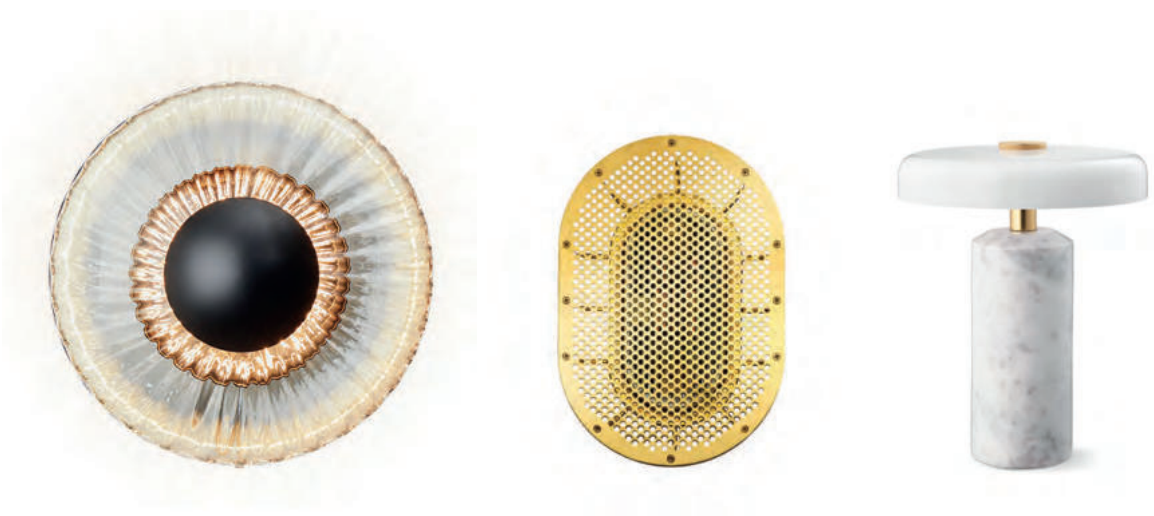

The mouth-blown wavy glass creates a mesmerizing play of light, bringing each lamp to life in a unique and captivating way. With New Wave Optic, you can add a decorative and expressive touch that gives your interior a distinctive character. The wall lamp is available in two sizes in clear, smoke, rose, amber and opal. The Pendant comes in clear, smoke and rose.

The New Wave Optic wall lamp is available in an outdoor version too.

OUTDOOR LIGHTING

STEP OUTSIDE

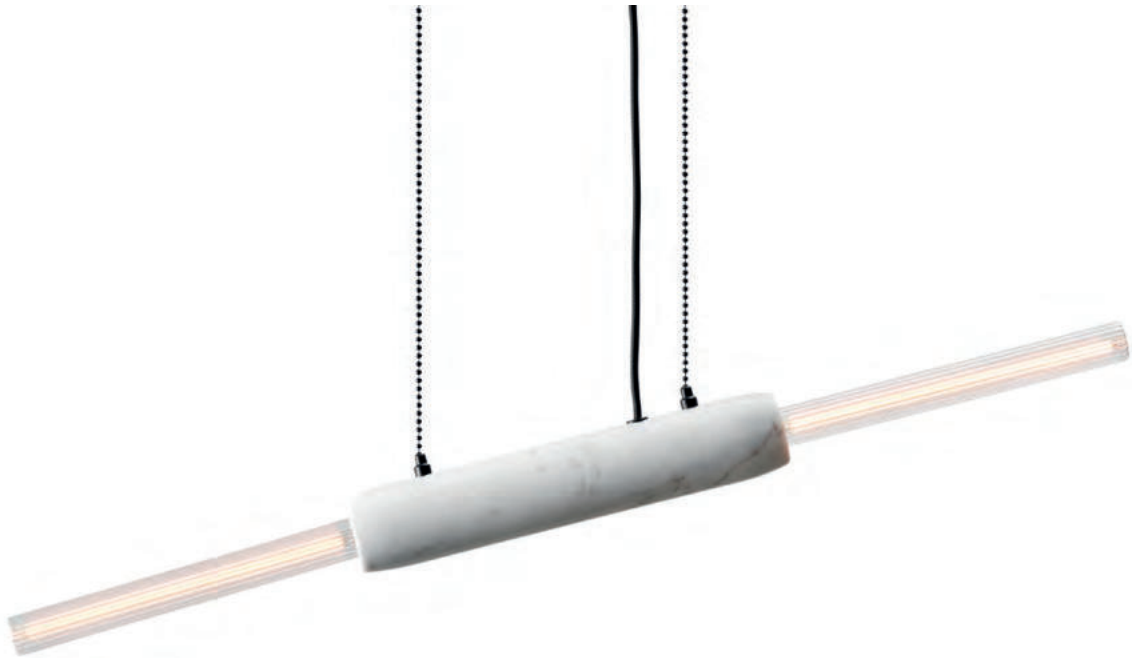

Bring style and light to your exterior spaces with our selection of outdoor lamps. Your outdoor spaces deserve the same attention and aesthetic as your living room or kitchen.

Night Rider delivers a bold and powerful glow. It adds character to your outdoor wall while standing up to the elements with its IP54 rating. Available in polished brass, raw brass, and black.

For a softer, sculptural effect, the New Wave Optic Wall lamp features clear glass with a black base and is IP65-rated for outdoor use.

Our portable Trip lamp is perfect for flexible illumination, and with its IP44 rating, it lets you bring light outdoors wherever you need it.

LIMBO

BALANCING LIGHT

Limbo is a modern and artistic pendant designed with a wish to play with illumination.

The lamp design challenges traditional light design as well as gravity as Limbo is made of marble stone. We call it Limbo as this lamp has no fixed direction.

It can be set in all directions – up, down, vertical or horizontal. The hand cut marble base is accompanied by two special made lightsabers that create the artistic appearance of Limbo. The lamp will balance beautifully over the dining table, in the kitchen, or the hall.

Limbo is available in carrara marble with black base or emperador marble with gold base.

NUTTY

QUIETLY LUXURIOUS

Nutty is a timeless centerpiece designed to blend in while still making a statement. Inspired by nature's own wonders, its shape draws from the humble acorn, giving a playful nod to Danish design traditions. Whether placed above a dining table, in the kitchen, or in a cozy corner, it adds character and gentle presence to any room.

Nutty comes in two sizes and in 18 different color and size combinations. Choose between bases in gold, black, or chrome, paired with glass in clear, brown, or smoke. Have fun exploring the possibilities with this charming, delightful, and slightly quirky pendant.

LOTUS

FLOWERY LIGHTING

Inspired by the symbolic lotus flower, this lamp mimics its shape just before blooming. When lit, the wavy glass casts a soft, petal-like glow. As each piece is handcrafted from glass, these lamps are never exactly alike. Just like the lotus flower.

With its understated elegance, the Lotus Lamp naturally commands attention, becoming the centerpiece of any room through its lightness and rippled glass structure.

CANDLE HOLDERS

ACCESSORIZE WITH LIGHT & CHARM

Add warmth and elegance to your space with our handcrafted candle holders and hurricanes.

Perfect individually or grouped, these pieces add character and style to your dining table, shelves, or coffee table – indoors or on warm summer evenings outdoors.

IN-HOUSE PRODUCTION

At Design By Us, craftsmanship and creativity go hand in hand. In our Shade & Upholstery Salon in Copenhagen NV, we design and handcraft custom-made lampshades, vintage lamps, and furniture, each piece infused with personality and precision.

All our lampshades are handmade by Gabby, our master artisan with over 30 years of experience in fashion and furniture design. Her expertise spans silk, velvet, linen, patterned fabrics, and more, bringing your vision to life in exquisite pieces.

Our upholstered furniture, from Skins Tables and Clown Stools to headboards, are also handcrafted in-house. Whether you want a standout statement piece, a matching chair, a table set in a specific color, or something entirely unique, we make it happen.

THE VINTAGE LAMP

Every piece is one of a kind, blending design history with modern living, and that's exactly what makes them special.

The Vintage Lamp has been part of our story from the very beginning. As a true signature piece in our collection, it remains both unique and timeless.

PARIS 1920

PARISIAN ELEGANCE

The Paris 1920 pendant is our modern take on the classic white glass lamps of Parisian brasseries. We love exploring the beauty of illumination and with this pendant, you can bring a touch of Parisian elegance and warmth into your own space.

Crafted from opal-colored rippled glass with a black base, the Paris pendant transforms a simple round shape into an imaginative drop of light. Its lines and curves create a soft, inviting glow that enhances any space.

Available in two sizes, it lets you choose the perfect fit for your interior.

FLORA VASE

SCULPTURAL & SOFT

A natural extension of our Design By Us universe, the Flora Vase brings together signature elements seen across several of our designs. The marble base echoes the materials used in our candleholders and Trip lamps, while the organic silhouette reflects a shared design language found throughout our collection.

Crafted with frosted glass, the vase is highly functional – concealing stems and water while allowing the shape and flowers to take center stage.

Choose between three marble bases: burgundy, white Carrara, or grey.

OUR PROJECTS

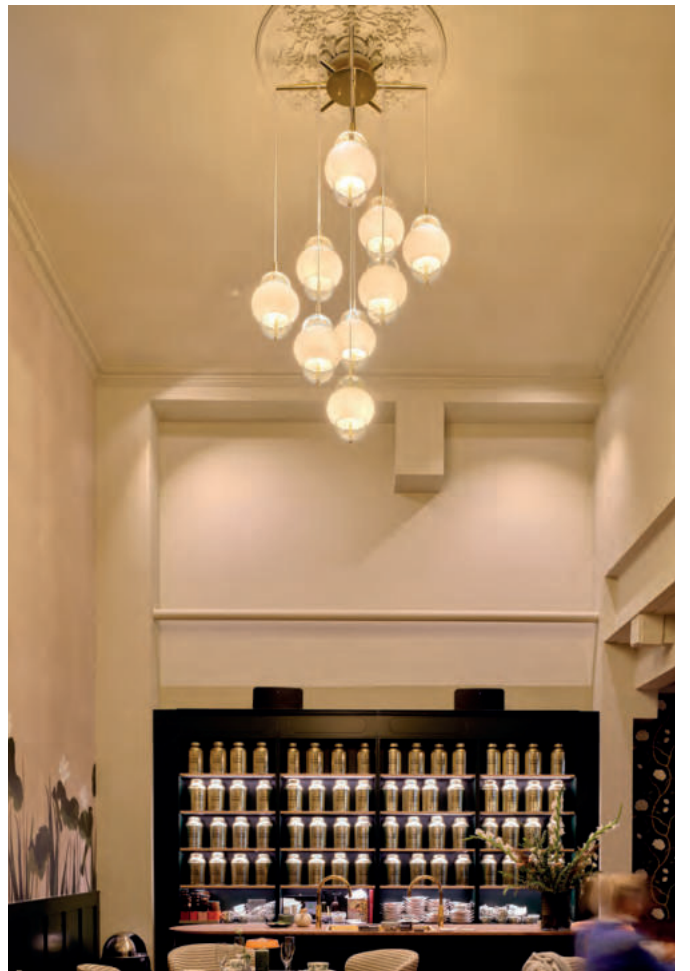

Our designs are very suitable for interior projects and create spaces that feel both personal and extraordinary.

We believe that great interiors tell a story. One that reflects atmosphere, emotion, and individuality and our designs are crafted to elevate that story, blending functionality with a strong visual identity.

All our furniture and lighting are made from certified materials, and almost every piece can be customized to fit your unique interior design.
