

UMAGE curates a distinctive collection of furniture and lighting tailored to meet the requirements of the Contract market. Our selection prioritizes not just functionality, but also the creation of environments that exude a sense of warmth and familiarity. Whether it's a bustling restaurant, a sleek office space, or a chic hotel lobby, our range encompasses both contemporary and timeless designs to suit diverse project needs. We invite you to explore our catalogue and discover how UIMAGE can help transform any space into a welcoming sanctuary where guests and customers alike feel right at home. Whether your project is a restaurant, office, hotel, or beyond, we trust you'll find inspiration within this catalogue.

Sustainability efforts

UMAGE is a certified B Corporation, reflecting a long-term commitment to responsible business and thoughtful design. The certification recognises high social and environmental standards across the entire company and supports our belief that responsibility and aesthetics can exist side by side.

We recognise that creating furniture and lighting can never be entirely sustainable, but we continue to make an extra effort to reduce our impact. By designing timeless, lasting, and functional pieces, refining materials and functionality, and making our flat-packed designs even more efficient, we strive to care for both people and the planet, today and in the years to come.

Reforestation

UMAGE collaborates with the NGO One Tree Planted, so every time a design made from wood is sold, we plant a tree. Trees help clean the air we breathe, filter the water we drink and provide habitat to over 80% of the world's terrestrial biodiversity. Forests provide jobs to over 1.6 billion people, absorb harmful carbon from the atmosphere, and are key ingredients in 25% of all medicines. In 2024 UIMAGE planted 21.218 trees.

UMAGE is an FSC™-certified company

UMAGE is proud to be an official FSC-certified company. The certification ensures responsibly sourced wood, protecting biodiversity and supporting workers and local communities. While some products are already FSC-certified oak, we will continue expanding FSC-certified wood across our collections – aligning with our design philosophy to craft each piece with respect for nature and craftsmanship. Contact us for more information on our FSC-certified products. License Code: FSC-C207737

100% recycled textiles

The Horizons textiles from UIMAGE are recycled from plastic waste and reused for a new purpose in the design of comfortable chairs and cute cabinets. The textiles are certified with Global Recycled Standard and STANDARD 100 by OEKO-TEX®.

Hope leather

The tannage of the Hope leather is chrome-free, ensuring a process with minimal harm to both you and the planet. By eliminating harmful chemicals, we not only reduce environmental impact but also offer a safer, more sustainable leather option. Chrome-free leather production means less pollution, cleaner waste streams, and improved biodegradability. The Hope leather is certified with Global Recycled Standard and LEATHER STANDARD by OEKO-TEX®.

Multifunctional and flexible

Why have a table lamp or a side table and not include a USB or wireless charger as well? Why not make room for storage where the space is vacant anyway? One of the key aspects of the furniture and lighting designs at UIMAGE is multiple functions and flexibility. Designing with versatility in mind supports a sustainable approach, reducing the need for multiple products to create a cohesive space.

Compact packaging

We have replaced all foam and plastic in our packaging with eco-friendly materials to minimise plastic waste when purchasing an UIMAGE design. So, our designs are not only flat-packed to optimise the global logistics and the environmental footprint, but we also make sure that you don't need to throw away tons of packaging material and that the packaging you're left with can be recycled and used for something new.

Replaceable and recyclable

Creating long-lasting designs is an essential part of the UIMAGE brand. To extend the life of the design, most parts of the furniture and lamps at UIMAGE are replaceable. If a part breaks or gets worn out, you don't have to go out and replace a complete piece of furniture or lamp – you can simply replace the single parts. When your UIMAGE design has lived a full life, it can be separated into key elements for recycling.

Interchangeable elements

As time changes, the designs can change accordingly. Two years have passed, and suddenly you want another colour on your lounge chair, then simply interchange upholstery in a few minutes. Same thing with our dining chairs, cabinets, and other responsible designs. This means you can add new life to the design and your interior without buying an entirely new furniture piece, saving the world's resources.

Responsible Down Standard

At UIMAGE, we ensure that all goose feathers used for our Eos feather lamp collection are 100% sustainably sourced from farmland to end-consumer. All feathers are licensed with an RDS certification, ensuring the well-being of animals in our production.

Restaurants

In the bustling atmosphere of an invigorated restaurant, the interplay of ambient illumination and comfortable seating arrangements is paramount to enhancing social engagement and culinary experience.

Offer an ambient light by the tables with the portable Asteria Move Mini lamp collection. Asteria Move Mini has four light steps that allow you to adjust the light to the desired setting with a gentle touch on the base of the lamp.

Social spaces

In the vibrant pulse of public spaces and lounge areas, the harmonious blend of ambient lighting and inviting seating arrangements is fundamental. Each element of the interior, from cosy seating nooks to well-placed illumination, serves to enrich social interaction and foster a break of relaxation – key for creating welcoming communal environments.

Professional hub

pCon planner

Discover the pCon space planning software with the complete UIMAGE collection! Dive into a rich array of 3D and VR files, enhanced with pricing and in-depth product details. This dynamic tool empowers you to customize UIMAGE designs to fit your project perfectly and effortlessly generate accurate price quotes.

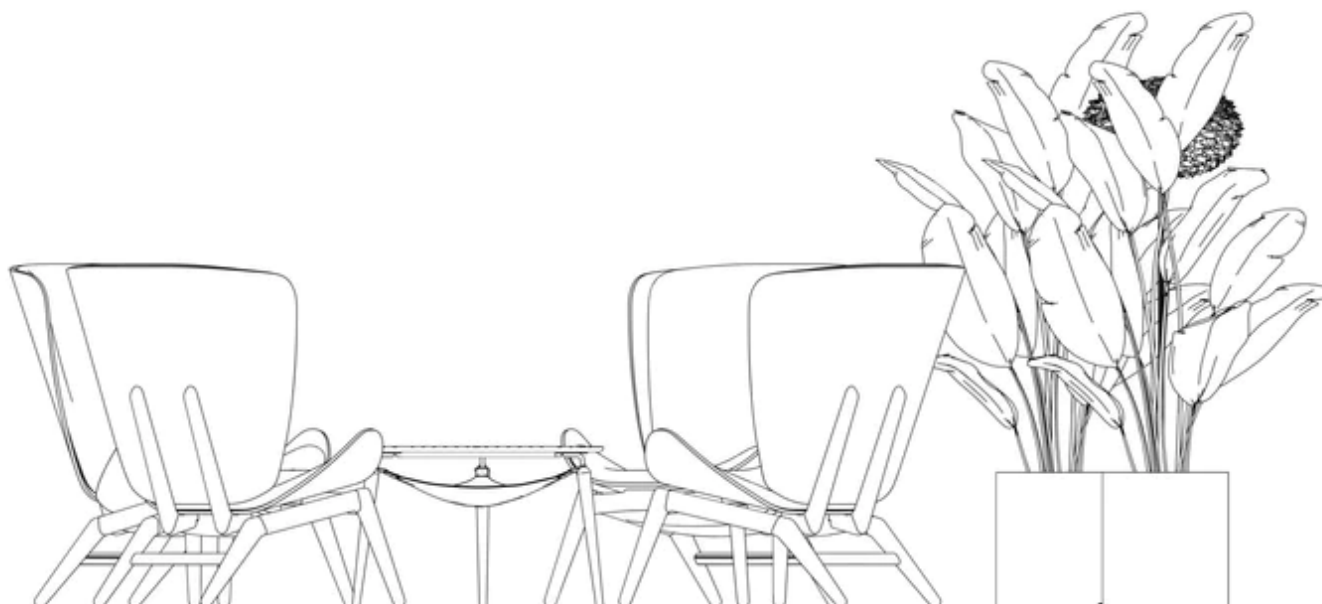

Space Planning Inspiration

Be inspired and streamline your project's space planning phase with our curated collection of ready-to-use spatial design concepts. Easily import these pre-designed ideas directly into your planning software.

Downloads

Explore our Download Centre to access 3D files, product specifications, images, and much more. Here you can also find detailed information about our the materials and maintenance of our products with our user- and care guides.

Tested and certified

At UIMAGE, we are committed to producing high-quality products. To uphold this commitment, we undergo thorough testing by independent institutes. Stay informed with the latest test results, labels, and certifications for our collection as we consistently pursue new evaluations and recognitions.

Ready-to-ship collection

We provide an extensive ready-to-ship range, where many of our designs across furniture and lighting are available for immediate dispatch in a wide array of colours and upholstery options for prompt delivery.

Bespoke Design

We offer a wide range of made-to-order choices, unlocking limitless customisation possibilities within our collection. Tailor our designs to align perfectly with the unique identity and requirements of your project. If you can't find exactly what you're seeking, you can even supply your own upholstery. Just as architects design buildings to meet the specific needs of their users, UIMAGE creates custom furniture and lighting that acknowledges the uniqueness of every setting. We collaborate with clients worldwide to craft bespoke designs for a variety of contexts.

Reach out to contract@umage.com to learn more.

Circular Subscription Plan

Sign up for the circular subscription plan for your next project to ensure it is always on trend and lasts a lifetime – a circular plan for your project and the planet. At UIMAGE, we have interchangeable and flexible designs. This means we will offer you the option to change fabric colours during the lifetime of the product. Our fabrics are 100% recycled when you receive them and recycled again when you are finished with them.

The circular subscription plan includes a 5-year textile and cushion exchange on all seating families or a takeback giving you a 20% voucher to put into new UIMAGE products. Furthermore, you get an annual service visit from an UIMAGE representative, a free assembly service, free spare parts and an extended 5-year product warranty.

Contact contract@umage.com to get started today.

REUSE PLASTIC WASTE

Plastic is collected and reused, to reduce plastic waste

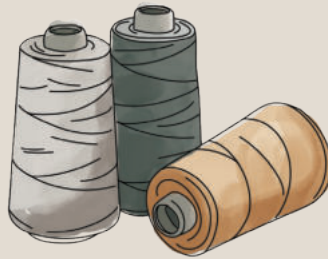

PLASTIC FLAKES

The collected plastic is diminished into plastic flakes

RECYCLED TEXTILE

Yarn is used to make beautiful, recycled textiles

FINE YARN

Plastic flakes are transformed into polyester yarn

RESPONSIBLE SHOPPING

You will be shopping recycled textiles and long lasting UIMAGE designs with care for the environment

UIMAGE DESIGNS

Recycled textiles are used to create UIMAGE designs

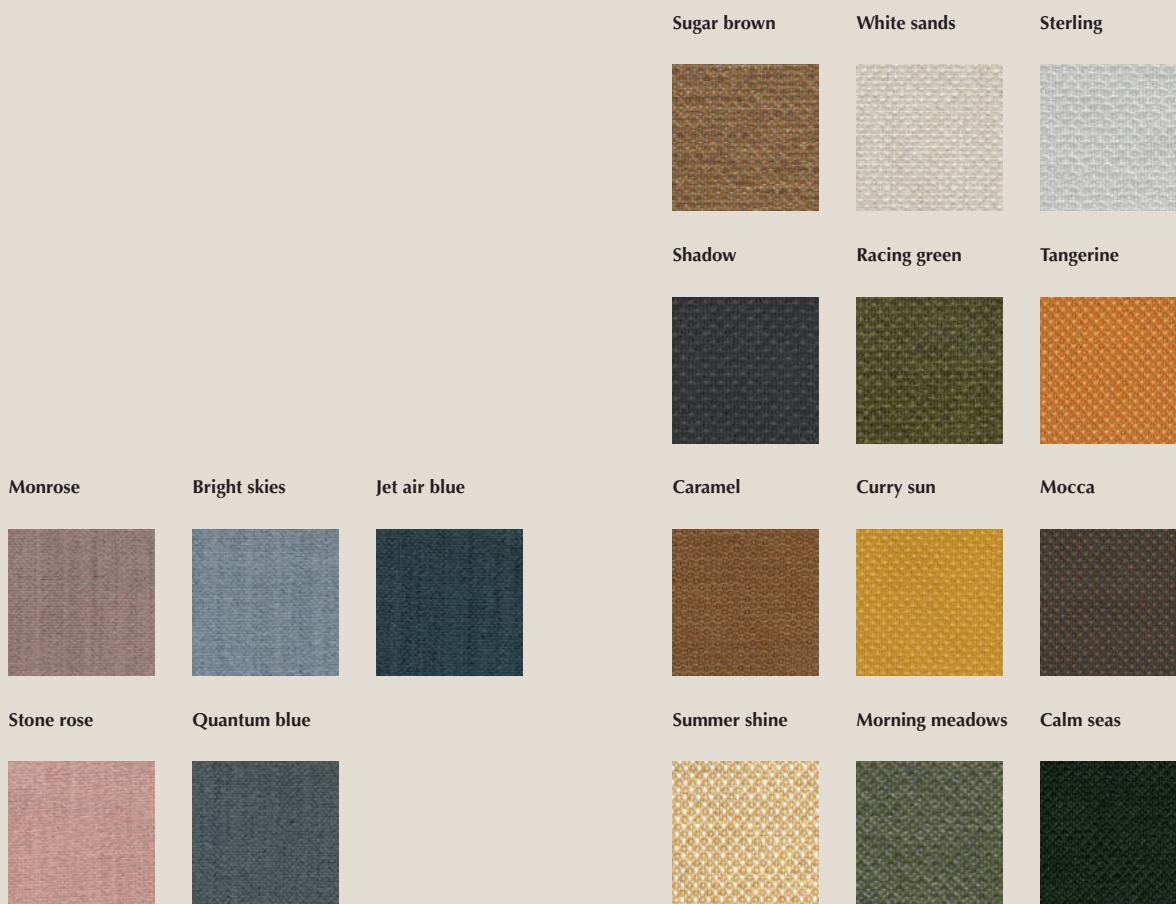

PLANTING TREES

When you shop a wooden product from the collection, UIMAGE is planting a tree

CIRCULAR LIFE

Trees will grow, plastic will be collected and the cycle repeats

Kvadrat

Canvas 2 | Fabric from Kvadrat

Canvas is a vibrant woollen upholstery fabric created by Giulio Ridolfo. Particularly well-suited to large surfaces thanks to its pronounced structure, it features a soft weave and an expanded palette inspired by the landscapes of Skagen, Denmark. The melange yarn used to craft Canvas combines three colours, with six hues in every colourway. Consequently, the fabric offers exceptional colour richness and an intriguing expression. From a distance, it has the calm surface of a unicoloured fabric. But, get closer, and shimmering colour nuances, delicate contrasts and an elegant structure emerge.

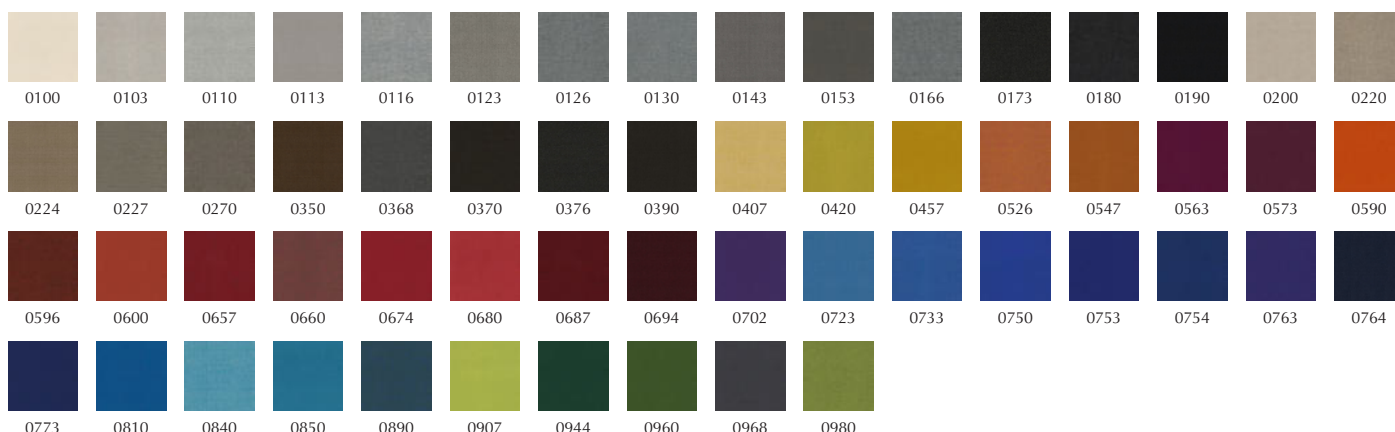

Name:	Canvas 2	Durability:	100.000 Martindale
Designer:	Giulio Ridolfo	Pilling:	4
Type:	Upholstery	Lightfastness:	5-7
Pattern:	Solid	Sustainability:	Complies with EU Ecolabel "The Flower"
Composition:	90% new wool (worsted), 10% nylon	Manufactured in:	United Kingdom
Weight:	480 g/lin.m	Price:	Upon request
Width:	140 cm	Delivery time:	Within 6 weeks

Hallingdal 65 | Fabric from Kvadrat

Kvadrat's first textile 'Hallingdal' has become the archetype of woollen textiles. The very durable upholstery fabric was originally designed in 1965 by Nanna Ditzel, and is now available in a version with an updated colour scale: Hallingdal 65. Hallingdal 65 is made of wool and viscose, which complement each other well: the wool provides excellent durability and flexibility, whilst the viscose adds brilliance and depth to the colour. Both materials are dyed before they are spun, which highlights the rich texture of the fabric.

Name:	Hallingdal 65	Durability:	100.000 Martindale
Designer:	Nanna Ditzel	Pilling:	3-4
Type:	Upholstery	Lightfastness:	7
Pattern:	Solid	Sustainability:	EU Ecolabel, Greenguard Gold, HPD, EPD
Composition:	70% new wool 30% viscose	Manufactured in:	Norway
Weight:	795 g/lin.m	Price:	Upon request
Width:	130 cm	Delivery time:	Within 6 weeks

Maple | Fabric from Kvadrat

Aero-finished and therefore extremely soft to the touch, Pine and Maple are made with three tone-in-tone coloured yarns. The viscose used in their construction gives them a distinctive shimmer, which deepens according to the light and the perspective of the viewer. Pine is flat-woven and has a subtle striated look. Maple is woven with a chenille yarn and has a soft pile that reveals the structure of the weave. Foreign fibres and small clusters of colour may appear on the fabric's surface adding to their slightly irregular, casual expression.

Name: Maple
 Designer: Åsa Pårson
 Type: Upholstery
 Pattern: Solid
 Composition: 81% viscose, 15% linen, 4% polyester
 Weight: 850 g/lin.m
 Width: 140 cm / 55.1"
 Durability: 30.000 Martindale

Pilling: 4-5
 Lightfastness: 5-7
 Sustainability: Natural fibres
 Sustainable resource
 Manufactured in: Turkey
 Price: Upon request
 Delivery time: Within 6 weeks

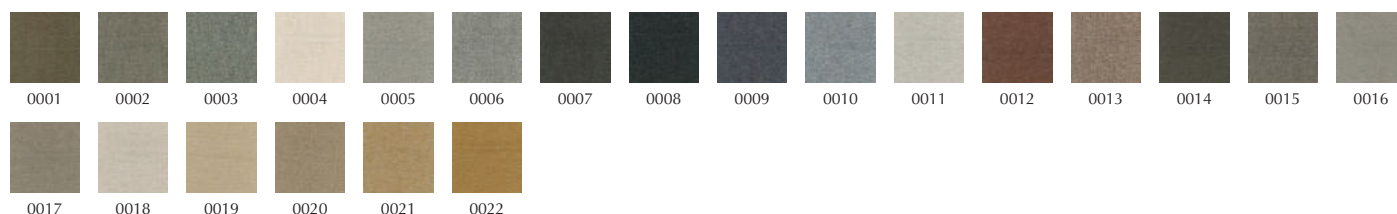

Moss | Fabric from Kvadrat

The second design by Vincent van Duysen and Anna Vilhelmine Ebbesen is the distinctive upholstery fabric Moss. The mixture of twisted yarn and chenille gives the fabric surface a textured structure with an appearance of movement, and also creates a soft handle which adds a special dimension to the furniture it covers. The twenty-two colourways are either one- or two-tone combinations inspired by Vincent van Duysen's own home and range from cool cement and soft blue to oily green, curry yellow and the shades of natural wood.

Name: Moss
 Designer: Sahco
 Type: Upholstery
 Pattern: Solid
 Composition: 52% cotton, 22% viscose, 14% polyacrylic, 6% linen
 3% polyester, 3% nylon
 Weight: 1,030 g/lin.m

Width: 138 cm / 54.3
 Durability: 50.000 Martindale
 Pilling: 4-5
 Lightfastness: 5-7
 Manufactured in: Belgium
 Price: Upon request

Re-wool | Fabric from Kvadrat

Crafted using 45% recycled wool, Re-wool is a rich upholstery fabric with a sustainable profile. The fabric is partly made by reusing scraps from Kvadrat's yarn spinners in the UK. It is designed by Margrethe Odgaard. 'The idea was to create a both honest and environmentally friendly – fabric with a poetic feel by recycling leftover material from Kvadrat's own production', explains Margrethe Odgaard. Reminiscent of colourful stitchings on a darker background, Re-wool features exceptional depth of colour, creating a dynamic play on the fabric's surface when applied to furniture.

Name: Re-wool
 Designer: Margrethe Odgaard
 Type: Upholstery
 Pattern: Solid
 Composition: 45% new wool (worsted), 45% recycled wool, 10% nylon
 Weight: 540 g/lin.m
 Width: 140 cm / 55.1"

Durability: 50.000 Martindale
 Pilling: 4
 Lightfastness: 5-7
 Sustainability: Complies with EU ecolabel "The Flower"
 Manufactured in: United Kingdom
 Price: Upon request
 Delivery time: Within 6 weeks

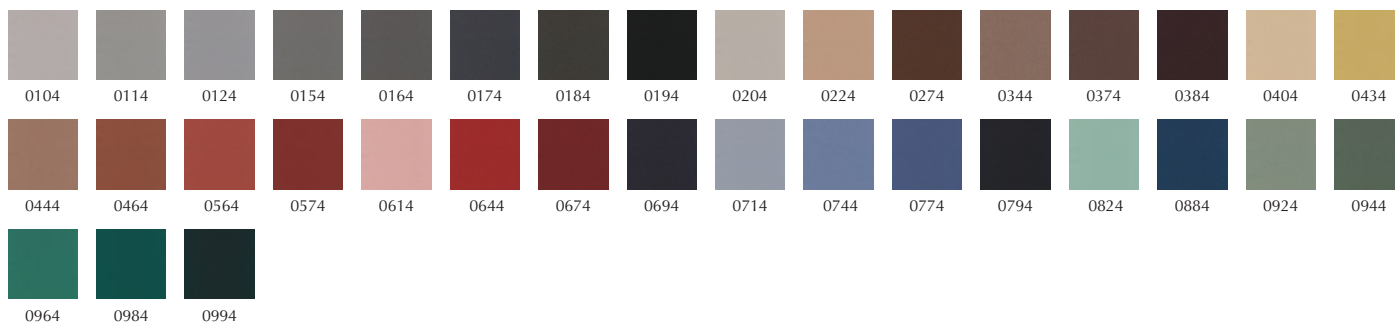

Reflect | Fabric from Kvadrat

Reflect is a sophisticated twill weave upholstery textile designed by Patricia Urquiola made from recycled polyester, with a natural expression and a particularly tactile touch. Unusual for a textile crafted from recycled fibres, Reflect has a particularly delicate and soft hand. Made from recycled polyester, it offers excellent functional performance, as well as a full scale of vibrant colours. The versatile palette for Reflect comprises 35 colourways and expresses confident colour combinations by matching warm notes with closely related nuances. Reflect is suitable for contract and private use.

Name: Reflect
 Designer: Patricia Urquiola
 Type: Upholstery
 Pattern: Solid
 Composition: 100% post-consumer recycled polyester
 Weight: 430 g/lin.m
 Width: 140 cm / 55.1"

Durability: 100.000 Martindale
 Pilling: 4
 Lightfastness: 6
 Sustainability: Greenguard Gold, HPD, EPD
 Manufactured in: Holland
 Price: Upon request
 Delivery time: Within 6 weeks

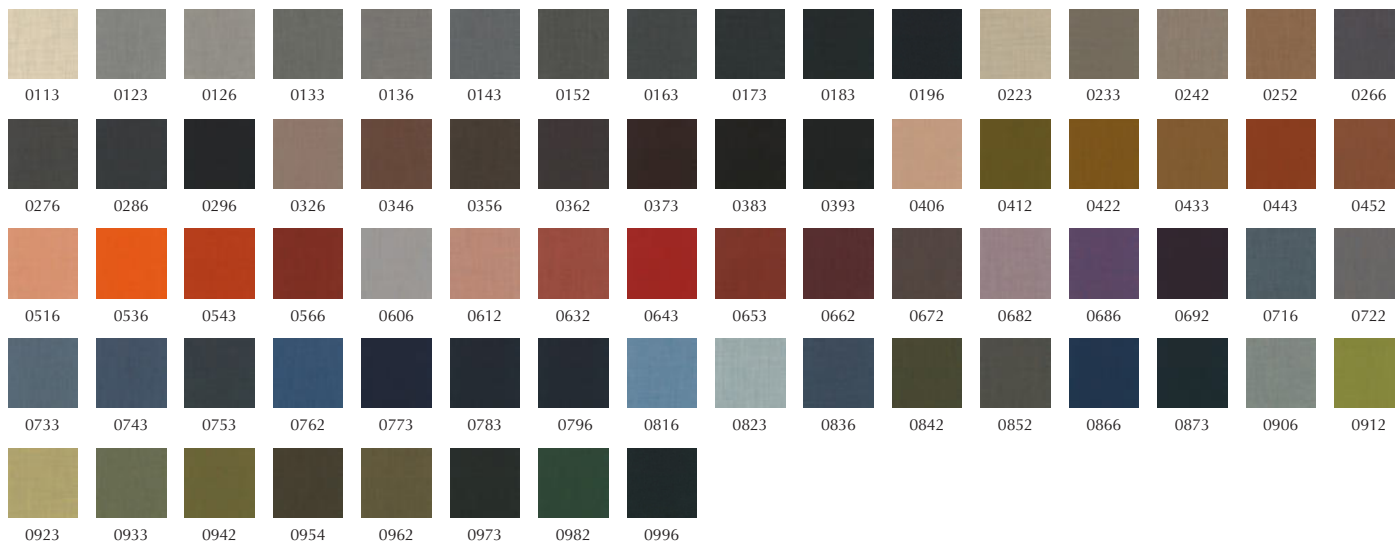

Remix 3 | Fabric from Kvadrat

Remix 3 is an elegant upholstery textile distinguished by exceptional depth of colour, designed by Giulio Ridolfo. It comes in 23 new hues, adding to an already expansive palette which now offers a total of 72 sophisticated colourways. Remix 3 looks unicoloured from a distance but reveals subtle details and colour contrasts when viewed close-up. The textile features a tight, minimalistic weave, and derives its lively colour play from a combination of two different mélangé yarns, which each combine up to three hues. The new colours – carefully selected from 2600 samples – are inspired by an extensive study of traditional Indigo dyeing undertaken by Giulio Ridolfo on his travels. Centred around deep combinations of blues and rich natural reds, they also include subtly coloured neutrals.

Name: Remix 3
 Designer: Giulio Ridolfo
 Type: Upholstery
 Pattern: Solid
 Composition: 90% new wool, worsted 10% nylon
 Weight: 420 g/lin.m
 Width: 140 cm / 55.1"

Durability: 100.000 Martindale
 Pilling: 4
 Lightfastness: 6
 Sustainability: EU Ecolabel, Greenguard Gold, HPD, EPD
 Manufactured in: United Kingdom
 Price: Upon request
 Delivery time: Within 6 weeks

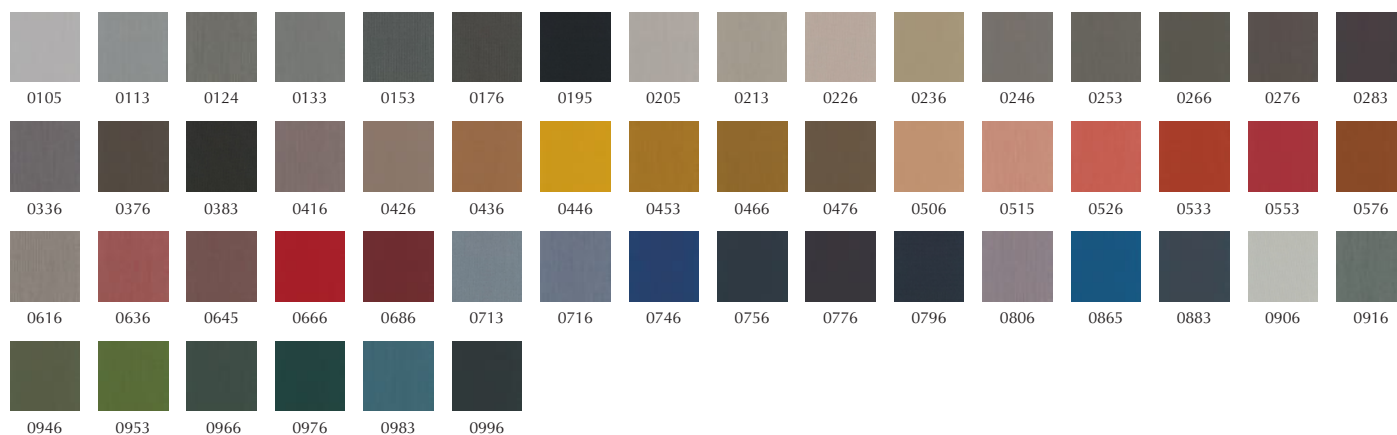

Steelcut Trio 3 | Fabric from Kvadrat

Steelcut Trio is a hardwearing woollen upholstery textile with the same construction as Steelcut. Originally designed by Frans Dijkmeijer, it comes in updated colourways crafted by Giulio Ridolfo. The three-dimensional surface of Steelcut Trio resembles small pyramids or steel points. Despite the complexity of the textile's innovative weave, it has a simple, precise expression. Steelcut Trio is yarn-dyed and made from 3 differently coloured yarns.

Name: Steelcut Trio 3
 Designer: Frans Dijkmeijer & Giulio Ridolfo
 Type: Upholstery
 Pattern: Solid
 Composition: 90% new wool, worsted 10% nylon
 Weight: 770 g/lin.m
 Width: 140 cm / 55.1"

Durability: 100.000 Martindale
 Pilling: 4
 Lightfastness: 6-7
 Sustainability: EU Ecolabel, Greenguard Gold, HPD, EPD
 Manufactured in: United Kingdom
 Price: Upon request
 Delivery time: Within 6 weeks

Sørensen Leather

DUNES | Leather from Sørensen Leather

The DUNES® collection has received the LEATHER STANDARD by OEKO-TEX® certification. A scientifically-founded, worldwide testing and certification system for leather. Based on international test standards and other recognised test processes, the certification involves around 100 test parameters. Including numerous environmentally-relevant substances and chemicals harmful to the health. The more intensively an article comes into contact with the skin, the stricter the human-ecological requirements that it must fulfil.

Name: DUNES
 Type: Aniline leather
 Thickness: 1.1 – 1.3 mm
 Size: 4.5 – 5.5 m²
 Origin: European rawhide, typically from Italy, Germany, Austria, Switzerland and Scandinavia
 Surface: An elegant, matt surface with a somewhat velvety look and feel

Finish: Special leather oil to enhance the body
 Tannage: Chrome-free
 Dye: Water-based Aniline dye
 Particular attributes: Discrete exclusivity in a natural look that wears beautifully
 Price: Upon request
 Delivery time: Within 6 weeks
